

19 March 2020

Dear Parent/Carer

School Closure: Coronavirus (COVID-19) Pandemic

Yesterday evening the Prime Minister and the Secretary of State for Education announced that as of this Friday all schools - including ours - in England and Wales would close until further notice due to the Covid-19 pandemic. I am sure most of you will have questions and whilst we do not have all the answers at the moment, we will share with you what we do know and keep you updated as and when we receive new information.

In line with the announcement we will close the school at the end of the school day tomorrow, Friday 20 March. As yet we do not know when we will re-open. We will inform you of this date when we know.

We have been planning for this eventuality and below you will find the details necessary to continue your child's education:

Children of Key Workers

As of Monday, 23 March 2020, we have been told that schools should, where possible, create childcare provision for the essential key workers as identified by the government. At the time of writing this letter we do not know who these key workers are. However, when the list is published, we will ask you if you qualify for this limited provision. This will not be a normal school day. It is a basic childcare provision. Please note, many of our colleagues are self-isolating and have their own families that need their support in this difficult time so we have to establish the staff levels that are available to us on Monday. Once we know all this information we will communicate if/how this child care provision will work.

In order to plan for this we are asking that should you be one of the essential and listed key workers you complete the form that is available on our Home Learning page (links below) and submit it no later than 3.00pm on Friday 20 March 2020. You will be able to book your child in for morning and/or afternoon sessions. It is important that we know which children are attending school each day. The form will cover the two week period leading up to the Easter holidays. We will contact those of you who access this form to confirm whether or not the childcare provision will be available in our academy.

Vulnerable Children

The school may also open to vulnerable children, dependent upon staffing levels. These families will be contacted by assigned contacts in school to discuss if they require this very limited provision.

Home Learning

We have previously communicated with you to explain what the process will be for setting work for students during the enforced closure. Google Classroom is the means by which teachers will set work for their classes. In order for parents/carers to support their children at home, we have created a Home Learning webpage: <https://homelearning.outwood.com/> which provides you with guidance on how to access Google Classroom with your child.

To access this information click on the red button titled 'Academy Closure' located on our website home page www.normanby.outwood.com. This will take you to a dedicated school closure landing page www.outwood.com/school-closure Click on the 'Secondary Information' image to the left and this will take you to further information about how to access home learning for your child.

Outwood Grange Academies Trust, a company limited by guarantee registered in England and Wales with company number 06995649.

Registered office address: Potovens Lane, Outwood, Wakefield, West Yorkshire WF1 2PF.

VAT number: 158 2720 04. Outwood Grange Academies Trust is an exempt charity.

A list of Directors' names is open to inspection at our registered office.

All students have been shown how to access Google Classroom and we have checked that they have their login and password details. We have posted those details home where students were absent last week during their issue.

We are mindful that the Home Learning we are setting will require access to the internet. Please discuss with your child how they will manage their data usage on their mobile phones, should this be the device they use to access work.

Free School Meals

We will write to those eligible for Free School Meals separately to detail the arrangements we have made for each academy. Please be assured that it is our intention to provide financial support for lunches at the earliest opportunity.

Examinations

We know very little at the moment except that the Secretary of State for Education has confirmed that exams will not go ahead this academic year. The government states that they will work with the exam bodies to ensure that children get the qualifications they need.

This morning, on television, we heard the Minister further state that guidance will be issued tomorrow, Friday 20 March, on how exam grades will be awarded - when/if we get this update then we will let you know. We know this is frustrating and upsetting but we will do everything we can to support our students.

Reporting Confirmed Coronavirus Cases

If your child or someone who lives in your household receives a confirmed diagnosis of Coronavirus, we are asking that you let us know this by completing the form that you can find on the 'Home Learning' page titled 'Reporting Coronavirus'.

Updates

All updates regarding school closure and subsequent reopening will be published on official school social media accounts, websites and on the Home Learning page: <https://homelearning.outwood.com/>

If you have any concerns during this unprecedented period of time then please contact the school using the 'Contact Us' page of the school website www.normanby.outwood.com/contact We will endeavour to respond as soon as we are able to.

The school will use the text messaging service to contact you about when the school will reopen and arrangements for your child to return to school.

I would just like to thank you for your greatly appreciated words of support, and continued patience and understanding as we work our very hardest together to ensure a continuation of learning for all our students.

Yours faithfully

Andrew Wappat
Principal
